THE CONGRESSIONAL CAMPAIGN-THE SPEAKING AT HILLSBORO .-Capt. Jos. Davis made a good expose of Mr. Headen at Hillsboro. Headen was an original fire-eater, sat in the Secession Convention, signed the Ordinance of Jecession, and voted for ail the measures consigning his neighbors and his neighbor's children to the forefront of the battle. But so auxious was he to preserve his own carcass from danger that he sought and obtained the position of Quartermaster in the Home Guard. He did not intend to be shot at, no, not he. Like the blubbering conscript scamp deserting from the battle field, he doubtless regretted he had not been born a gal baby.

[From our Special Correspondent. Beautort as a Summer Resort.

BEAUFORT, N. C., June 23, 1874. Mr. Editor:—I have been sojourning here several days, and I must say that Beaufort is a charming sea-side resort. It is cool and pleasant. You never suffer from the heat. And dust, and musquitoes, and other annoyances characteristic of our Southern summers, are almost wholly unknown just here. Such a favored spot under our burning suns is surely a most precious boon, a place appointed of God for suffering humanity to take refuge in. The clear fountains, with their overshadowing rocks and trees, and grassy borders that occasionally greet the eye of the weary, thirsty traveler on the burn-

ing plains of Arabia, are hardly to be more prized than this delightful North Carolina oceangallery, which is well known to the public by the historic name of Resufort, propupaged References of Beaufort—pronounced Bo-fort; the Beaufort in South Carolina is pronounced by the citizens of that flourishing State Bu-fort. The way our tar-heel brethren pronounce the name is correct, if we know anything about the French language. Let the eminent "Bard of Rhamkatte" turn the focus of his intellectual faculties, his genius, his learning, his acute powers of perception, upon this subect, and say if we are not right. The close proximity of the sea is

what gives Beaufort its chief charms. If the ocean really had a mane, as Lord Byron avers, in Childe Harold, canto iv., st. 184, a long-armed individual of the giant order might easily lay his megathean fingers upon it, and play "familiar with his hoary locks." All day and all night his hoarse voice may be heard—the slumbers of the surf, and the dashing and splashing and roaring of the restless breakers at the mouth of the harbor. Standing in the ocean-front opine, for any one. If any one was | piazza of the Atlantic Hotel, one can plainly see the frolicsome white caps tossing and rolling about the bar, and the vast blue ocean stretching away eastward and southward till lost to view among the distinct, misty horizon. From out of the deep come the waves, sometimes blue, sometimes green, often grayish or purplish, tumbling in over the harbor, cool, sparkling and refreshing. The feet. They roll in all under and around the hotel, which as you know, stands on the bank, between the high and low water marks.

Salt sea-breezes, which are wonderfully cooling, refreshing and invigorating, blow here almost continually, night and day. They generally come from the south and southwest, though occasionally from east and northeast. Fanned by these charming breezes one becomes almost oblivious of the fact that it is summer

It is impossible to speak of the comforts and pleasures of Beaufort as a sea-side resort, without alluding to the Atlantic Hotel, which is now the principal, and no doubt the best stopping place for summer visitors, whether they come for health or pleasure. Heretofore the Atlantic Hotel has been a rather unsightly and uncomfortable structure; but it has changed. The magic touch of gold has transformed it into a good looking, commodious and exceedingly comfortable building. Robert D. Graham, Esq., a son of Hon. W. A. Graham, is now the owner of the property. George W. Charlotte, Esq., of this place, a clever, kind-hearted and virtuous gentleman, is the Proprietor. These two young men de-serve credit for affording North Carolinians an opportunity of enjoying the many charms of our beautiful and healthful sea-coast. The hotel is kept in the finest style, and the ur.tiring energy and uniform courtesy of its managers leaves nothing undone of a reasonable nature that would serve to enhance the comfort or pleasure of its guests.

When the superior advantages and manifold sources of enjoyment and amusement of Beaufort become fully known to the public, this place is bound to become a popular resort during the heated term, for the citizens of North Carolina; and Beaufort will be to our State what "Vue de l'Eau" is to Virginia, Cape May to New Jersey, or Newport to New England.

And if there has been, at any time, a break in the office of directors or trustees, or if the same have died, or if the officers of the town have been called by some other name, still it can make no difference, as the Court will not allow the beneficial interest of the town to suffer thereby, but will either recognize the present officers or appoint

A GENERAL GALA DAY!! The Fayettev lle Military Companies Visit Us!!!

Yesterday morning at 10 o'clock the different Orders in the city formed in Capitol Square for the purpose of proceeding to the Fair Grounds, where the day was to be devoted to pleasure and amusement, with a view of raising funds for the Oxford Orphan Asylum. The arrival of the Fayetteville train brought a goodly number of visitors, embracing the splendid military companies of that place, together with the elegant Fayetteville Cornet Band, who joined the Raleighites at Capitol Square. The Salem Brass Band, which had kindly volunteered its services to the Committee discoursed sweet music

during the morning,
At 10 o'clock the procession
marched to the depot at the foot of Harget street and proceeded to the Fair Grounds over the Raleigh and Augusta Air-Line Road, when the crowd, soon augmented to some thousand by the attendance of citizens, repaired to the Grand Stand and treateed to a most excellent speech from the Rev. A. W. Mangum, the orator of the day. After which dinner was served in Floral Hall, which had been decorated most handsomely by the ladies of Raleigh for the occasion. The dinner was of the most bountiful character and was doubtless en-

Business engagements prevented our remaining through the afternoon, but we learn that the crowd enjoyed themselves in pic-nic style and in witnessing a velocipede trial by Prof. Geo. Harward and a base ball match between the Athletics and the Socials, the latter composed of the Federal soldiers stationed at this place, in which combat the Athletics won.

The crowd in attendance during the day doubtless reached 1,500, and the managers of the affair will doubtless realize some \$500, which, together with many valuable contributions that were given the committee to be sent to the Asylum direct, will be of much benefit to orphans. Too much credit cannot be given

the getters up of this affair, as they were solely actuated with a desire to benefit and aid the orphans of the State, and for the efforts which they have put forth they are deserving the thanks of all the friends of the orphan institution.

Notwithstanding the excessive heat of the day, we believe it was much enjoyed, and we trust those who visited us from a distance will go away pleased with their trip.

WAKE FOREST COLLEGE COM-MENCEMENT. SECOND DAY.

The attendance upon the commencement exercises was largely augmented by the various trains of the day, and the crowd is about its usual size on such occasions.

At 11 o'clock, the two societies, organized in their respective halls, and in regular order, marched through the campus to Dickson's Hotel, where the speaker, Maj. Seaton Gales, of this city, was received in due form, and escorted to the chapel, where a large audience of both sexes were congregated. The exercises were opened with

prayer by Rev. C. T. Bailey; after which Maj. Gales was formally introduced by the President, Rev. Dr Wingate. As we have not space or time in

this issue we shall not attempt to give a synopsis of the excellent address, but promise to refer to it again to-morrow. His theme, "The Century," in which he reviewed it in its moral, physical and political sense, was handled with that ability that would be naturally expected of Maj. Gales. It was one of the most opportune addresses and better suited for the times and the occasion than we have heard for years.

Rev. Dr. Pritchard was announced to deliver the annual sermon at night, but as we left on the afternoon train, we will report his sermon, &c., in our next.

THE SUPREME COURT REPORTS FOR JANUARY.—It is a subject of complaint with the members of the Bar generally throughout the State that the Supreme Court Reports of the January term are not yet out, al-though the June term is nearly half over. The result is that cases pre-senting points already decided last term are likely to come up again this term by reason of the decisions being unknown to the Bar. This involves a delay of the time of the court and a cruel and unnecessary expense to clients in those cases. It is so important that the law should be speedly made known that an act of the Legislature requires, under penalty, the acts of the General Assembly to be published within forty days after the adjournment of that body. The spee ly publication of the decisions of the Supreme Court which are the authoritative construction of the law is still more important. The Supreme Court and the General Assembly adjourned nearly at the same time, yet while the acts of 1873 have long been made public the Supreme Court decisions have not yet been issued from the Press. There should be some remedy for this.

PERSONAL.-Our gallant Congressional standard bearer, Capt. Jos. J. Davis, returned here yesterday evening from Orange, and expresses himself well pleased with the reception he met with in that county. He speaks to-morrow at Lockville, in Chatham county, and we bespeak for him a hearty welcome at the hands of the Conservatives of that county. This District will undoubtedly give a handsome majority for Davis in August.

good deal • pertinency and force, that of all the maudlin fools with which the world is afflicted, deliver us from those who criticise the fact that a man puts food into his mouth with a knife when eating at the table. second-rate pupils for a school of im-beciles,"

The New York Tribune thus describes a speech made by Butler, of Massachusetts, on Friday night, in

the House of Representatives:
"To a full House and crowded galleries, Mr. Butler, of Massachusetts, addressed a speech of an hour and a half, which for blackguardism and falsehood, coarseness and brutality, clownishness and low buffoonery was never equalled in any assembly calling itself reputable or decent."

"My God!" said a Republican to me the other day, "I will give half I've got to have the negroes colonized out of the country. Let Congress ap-propriate a billion of dollars and move them away to themselves. They will cost us twice that much before we get through with it. We can never have peace in this country, and good feeling between the North and South until the negroes are colonized."-H. V. Redfield.

The Regulars are beginning to unload. J. C. Smith, colored candidate of that body for the Legislature, has notified his intention of giving a practical exemplification of his belief in the Civil Rights doctrine, by offering to unload in fayor of some white (skinned) man .- Wil. Journal.

Mrs. Elizabeth S. Finch, of the Philadelphia League, states that the number of women now actively engaged in the Temperance movement in that city is 27,373. Their effort have closed between three and four hundred saloons, and pledged 226 saloon-keepers and 2.3 bar-tenders.

Among the notabilities at Baden-Baden this season are the Empress of Germany, the Queen of Sweden and the Princess of Monaco.

IT is said that men worse than Moses are aspirants for the next Governorship of South Carolina. Heven help the State if any worse than the infamous Moses are foisted upon her people.

THE bill passed by Congress in relation to the finances of the country inflates the currency to the extent of some \$50,000,000, which money has been heretofore locked up in the vaults of the various banks. A redistribution of the currency was also ordered, which will give to the Southern and Western States more banking capital. The President, though differing with Congress in his financial views, has signed the bill, and we may hope some little benefit to result to the people of the South.

COL. WADDELL, of the Third Congressional District, is making a good canvass, says the Wilmington Star. His opponent, Mr. McKAY, refuses to swallow the Civil Rights bill, its charge by reproducing the decinegro and all, notwithstanding his former declarations concerning "the attempt made by a number of neparlor and the kitchen," and is now groes in Wilmington last October to denouncing the measure. What will sit with the whites in the Opera the negroes of that District think of House, when they were arrested and this position of their standard bearer? It is certain that Col. WADDELL will be re-elected by a larger majority The Judge heard the case and gave than before.

THE Augusta cotton mill was bought by its present owners for one hundred and forty thousand dollars on ten years credit at seven per cent. thousand dollars expended in machinery and improvements. The property has paid for itself; additional land has been purchased; new buildings have been erected; one hundred thousand dollars invested in new machinery; the capital stock has been increased (watered) to six hundred thousand dollars, and on this, each quarter, five per cent. dividends are paid. In five years the manufacturing company have paid out nine hundred and nine thousand four hundred and one dollars in wages, and sold five million one hundred and seventy-eight thousand six hundred and twelve dollars and ninety-six cents worth of products; nett earnings are seven hundred and ninety thousand five hundred dollars and fifty-eight cents, and dividends paid to stockholders six hundred and sixty thousand dollars. Every single material or element of industry entering into the production of cotSenator Ransom.

The Wilmington Star thus speaks of this honored son of North Caro-

"As is well known Gen MATT. W. RANSOM, our gifted United States Senator, is a worm friend of this city. His efforts in behalf of our river and harbor improvements bave been untiring. Last Saturday he added to these efforts the important service of increasing the last appropriation made by Congress from one hundred thousand dollars to two hundred thousand dollars. RANSOM is one of the most industrious of the Southern Senators and has an influence in the Senate second to that of no man from the South.'

THE Statesville Landmark is the name of a handsome paper just commenced at Statesville, by Messrs. HUSSEY & MALLARD, under the editorial management of our young friend John B. Hussey, late of the Piedmont Press. It is well edited and presents a neat appearance. The Landmark will always be found battling in the ranks of the Democratic-Conservative party, and we know the trenchant pen of friend Hussey will deal many heavy blows at the corruption which has so long stalked through our land. The Landmark has our warmest wishes for its pros-

THE people of the South no doub feel relieved that the infamous Civil Rights measure falled in its passage through the House of Representatives. We do not believe that the bill will ever pass Congress. The strong pressure that will be made this Summer against the measure, in every portion of the country, will undoubtedly prove its death. But the Radical party, by the feint that has been made, has accomplished its end-it has held out to the negro the sugarcoated pill in order to keep him strong in faith and party fealty.

Has not the Republican party taken one step too far-has it not by this movement sounded its own death knell? We think it has. The white Republicans of the South cannot swallow this nauseous dose, the negro demands it, and the two elements cannot harmonize.

"The way to make politics cleaner is for honest men to assert their supremacy in controlling them, instead of standing aloof and groaning over a condition of corruption which exists only through their mistaken

sense of propriety." This truthful thrust from the New York Tribune at that class of men who style themselves "no politicians," while they are continually grumbling at the corruption to be found in political parties, can well be applied to many people in this State. The corrupt Radical party of North Carolina could long since have been wholly put down but for the failure of such men to do their duty -they are opposed to corruption in all its forms, opposed to Radicalism, opposed to that party which has impoverished the State and made her bonds a drug upon the market; but yet, under a mistaken idea, they have refused to take any part in polities and allowed to go by default many victories which they could have with ease given that party with which they are at heart in sympathy. Let there be none of this class of "no politicians" in our midst this Summer, but let every man feel that upon his shoulders rests the responsibility, and the result in August will be to overthrow those who have given them such a distaste to everything political.

Judge Russell and the Civil Rights Bill.

The Wilmington Journal charges that Judge Russell, notwithstanding he has given no intimation, either public or private, as to his approval or disapproval of the particular Civil Rights bill which recently passe I tl e U. S. Senate, is fully in accord with and in fayor of this measure, and that the negroes of that District need no Civil Rights bill so long as he is on the bench. The Journal sustains sion of the Judge in the case of the legal proceedings instituted against them by the Lessee of the House. his opinion in writing, and while he held that in this case the negroes had committed a breach of the peace, for the reason that no one is allowed to enforce a mere civil right by a resort to violence, he held "the right interest. The stockholders paid sixty of the defendants to precisely the same accommodations and the same treatment as other persons will not

be questioned." Says the Judge: "The pretension that any person or class may be prevented from resorting to a public place whose doors are open to all but them, and denied to them only on account of color or race, will not be tolerated by any court honestly and sincerely desirous of upholding the constitution and the laws according to their true intent and meaning. It may be that the manager of the theatre has the right to separate different classes of persons whose close association is not agreeable to each other-always remembering that he must not discriminate against any-but that the accommodations given, the comfort, the style, convenience and all other considerations for which the parties pay their money shall be the same as to all, or so nearly so as to furnish no substantial cause of complaint by any. This opens a wide field of argument into which I have not time

We trust the whites of that District

THE adjournment of Congress on Tuesday will be a source of no regret to any one outside of Washington, as the country had become tired of the prosy proceedings of a body that was really accomplishing but little good. The thanks of the country, however, are due to Congress for the many villainies which have been unearthed during the session just closed, as it is a harbinger of the approach of more honesty in the government of the country. The SANBORN and the District of Columbia investigations have gone far towards checking the rascality that has been practiced in high places, and even the audacity of such daring rascals as BUTLER has

been made to suffer.

THE Virginia papers are considerably exercised over the charges made against Gov. KEMPER by the friends of Col. Mosby, to which we referred yesterday, to the effect that the Governor had agreed with Col. Mosey to support GRANT for the third term. Mutterings of this have been heard in Virginia for some time, and the public are not surprised at the publications now made, but the Conservative press demand that Gov. KEM-PER should explain away the mystery and place himself right before those who elected him to the position he holds, which it is said can be done by the publication of a letter written by himself a short while since to Mr. JOHN TAYLOR SCOTT, of Fanquier, an adherent of Col. Mossy. This letter, a copy of which was preserved by Gov. KEMPER, gives the whole history of KEMPER's visit to President GRANT at the urgent request of Col. Mossy, and of the attempt of Mosby to estrange Gov. Kemper from the Conservative party,

The Congressional and Judicial Nominations.

The Monroe Enquirer, a sterling Democratic sheet, throws up to its masthead the entire Congressional and Judicial ticket of the State, and says of it:

"This we consider one of the strongest tickets ever put before the people of the State. It is composed the very best men in the State. The people need not be afraid to put their interests in the hands of such men, for they will be in safe keeping. With such a ticket is it possible for us to lose the election in August, e pecially when we consider the Radical ticket by which it is opposed: With Neil McKay, so redolent with no parlor and no kitchen, with Windy-Billy Henderson, of Darr's mule notoriety, with John A. Hyman, a negro, with C. L. Cobb, who was so distasteful to his own party that a new nomination was threatened to be made, and with J. H. Headen, a renegade Democrat, to oppose our candidates for Congress-and with men equally bad as candidates for judges, we ask is it possible for us to be beaten. We think not. The evening of August 6th will close on North Carolina redeemed effectually from the olighting rule of Radicalism Their days are numbered—and we confess we will attend the funeral without any shedding of tears. Let the people of North Carolina rejoice, for as sure as the 6th day of August shall dawn on us, just so sure will we be freed from the rule of Radicalism.'

A Minister in the Wrong Role-Independent Journalism. Who will not say that there is still some independence in journalism after reading the following caustic ar-

ticle from our friend Boiling, of the Danville (Va.) Times: "The address delivered by the Rev. N. W. Wilson, of Richmond, at the Masonic Hall, on Tuesday night, was worse than a failure. Filled as it was with indelicate allusions and double entendres, it east a damper on the closing exercises of the Roanoke Female College, which otherwise would have passed offmost pleasant-

"We are aware that this announcement will take his friends by surprise, who perhaps never heard him in the strain he indulged in the other night. It not only took his friends here by surprise, but it was deeply mortyfying to them. Never in the whole course of our life have we heard speec's more universally condemned, and the wonder is, how c me such a man to deliver it. From ministers of the gospel, above all others, we have a right to expect the most refined sentiments expressed in the chastest manner; it was too bad, therefore, for Mr. Wilson, who had for himself

won such a fine reputation as a preacher, to shock his audience as he did on the occasion above alluded to. "Had he made only one indelicate allusion, perhaps it might have been attributed to ignorance of the double meaning that is given in vulgar parlance to certain words; but his whole speech, being filled from beginning to end with smutty remarks, precludes any such charitable construction. Lest it might be thought there is some room for difference of opin-ion, and we be be charged with an unjustifiable assault upon a minister of the gospel, we will state that his address is repudiated by persons of all denominations, including his own, by the young as well as the old, male

and female. It would seem, however, that there is some mistake in the matter after all. The affair has created much excitement in Richmond, and at a meeting of the Baptist ministers of the city Dr. Wilson read to the meeting the identical address delivered by him at Danville. It appeared that there was nothing in it objectionable; certainly nothing of an "obscene" or "smutty" character. A paper to that effect was drawn up by Dr. Jeter and signed by all the min-isters present. It will be published, and the address also, if necessary. This is considered as entirely clear-ing to Dr. Wilson from the charges made against him. So says a Richmond correspondent.

How Congressmen are Made in OHIO.—We sell seats in the House too. The majority of those holding the office of representative have paid from \$1,500 to \$10,000 apiece for the honor. And we will not nominate a man for office who is not able to pay entering into the production of cotton cloth is as cheap in North Carolina as in Augusta. Why is not the capital of our State turned into this channel? Raleigh could have its half-dozen factories if she would.

will not be subjected for the next eight years to the rulings of a man holding between these two sums for the seat. But we exact this under guise of assessments to pay campaign expenses; the transaction is not so open and bold a bargain and sale.—Cincinnati Commertial.

THE NEW BUFFALO SPRING,

Mecklenburg County, Va.

This Spring, discovered since the last Summer, is shown by analysis, made by Professor Toury, of Baltimore, to contain a HEAVIER PER CENTAGE of the Bicar-bonate of Lithia than any other AMERI-CAN MINERAL WATER. In fact, it is the Only Spring in America

containing LITHIA in any substantial quantity. It is this ingredient which has given such celebrity to the "Aix-la-Chapelle," the Vichy and the Carlsbad waters of the continent of Europe. Professor George B. Wood, of the University of Pennsylvania, than whom there is no higher anthority in the Medical world, says: "There is perhaps NO OTHER REMEDY from which Equal Efficacy May be Expected, in the removal of the deposits of the Urate

of Soda in the Joints, and ligamentous tissures in GOUTY patients, and in preventing the deposits in the KIDNEYS, BLADDER and URINARY PASSAGES."

Another distinguished writer says: "It LITHIA) is peculiarly ada ted to the cases with GRAVEL, STONE, GOUT, &c.; there NO OTHER KNOWN REMEDY

that promises GREATER RELIEF in such It may be fairly claimed then, that the NEW BUFFALO SPRING IS THE GREAT

Remedy of America in all this class of disease. Its curative in all this class of disease. Its curative power, how-ver, is by no means limited to this class. Its action upon the LIVER is most decided, and it is believed in derangement of the biliary organs, to be second to no other Spring in Virginia.

Corner Wilmington & Martin Sts.,

Excursions are the order of the day in every section. Hallway thieves exist in Newbern. Front doors should be kept fastened.

An alarm of fire in Charlotte Sunday night resulted in breaking up the different church congregations; but little damage was done by the fire. Major A. C. Avery, of Burke, the Democratic candidate for the Solici-

torship in the 11th Judicial District, is opposed by James M. Gudger, Esq., an independent candidate. A correspondent of the Hillsboro Recorder, writing from Graham, says: Good Templars are working. Noth-

ing but dull times, linen coats and

soda water in Graham now." McNider hove a laugh at States villes a few days since, and it not being known that he was in town, it was thought Bald Mountain had commenced shaking. So says the Landmark.

About fifty of the merchants and other citizens of Charlotte have gone to Wilmington on an excursion, and are now being entertained by the business men of the latter city. They were yesterday out on the Cape Fear.

On Saturday last a Convention of the Conservatives of McDowell county assembled at Marion and nominad the following ticket: for the House of Representatives, Major A. M. Erwin; for Sheriff, J. J. Neal; for Superior Court Clerk, E. B. Freeman; for Register of Deeds, A. L. Lafayette; for County Treasurer, J.

C. McCurry. The Republicans of the First Judicial District have re-nominated Judge Albertson. At the Convention held at Hertford a delegate from Gates endeavored to introduce a resolution favoring the civil rights bill, which resolution was seconded by a delegate from Currituck, a Senegambian, who said: "We totes the votes, and we is gwine to hab disthing." The friends of the measure only succeeded in bringing the house down upon their heads and subsided.

The following is the list of those distinguished at Bingham School, Mebaneville, during the session recently closed. (47 is first distinction -fractions are stated decimally:) Junior Class.-W. J. Binghain, N.

N. C., 47,29. The Hillsboro correspondent of the Wilmington Journal, evidently a man well informed, thus speaks of the state of politics in that locality and of the report concerning Colonel Ruffin:

Commercial Class.—R. McRae, Jr.,

"Political matters just now are quiet. The Radicals are not quite so jubilant as they were a week ago, and not near so impudent in their claims of accession from the Conservative ranks. They have even ceased to boast of the conquest of Col. Ruffin. Their game has been one of brag and bluster, and it has been effectual in atarming some. For my own part, as consistent with the narrative of Colonel Ruffin's conversion, I never could believe it, because he is one of those inflexible men who rarely change an opinion, and who cannot be expected to make a move for the worst. The idea of Col. Ruffin being a Radical, bah-it is too nauseating to think of, and I am so far convinced that he has been maligned that I am ready to accept the despondent face of one of the Radical Executive Committee, who often calls on me, as full proof of the failure of his wiles. and the instability of his hopes.

"I believe all will yet go well in Orange, and as she is looked on to do her duty, and set an example, she will not fail in the day of trial."

REAL HEROISM.-An act of true heroism was recently performed by George Bellhymer, on Red River. While he was lying on the hurricane deck in hundcuffs, for an alleged larcerfy, a little girl fell from the deck of the boat into Goose Rapids. Bellhymer immediately sprang over-board, swam to the girl, and after several attempts with his manacled hands, succeeded in holding the child until a boat came to their rescue. The act was witnessed by scores of passengers, who signed a testimonial in his honor for the noble act.

The Boston Traveler is in a fog, for if Mr. Sartoris married the young lady whose portrait is published in Harper's Weekly, he has jilted the poor girl in Frank Leslie's, and if he his wedded the latter his conduct towards the pretty face in the Graphic is in the highest degree reprehensi-

Resolutions Adopted by the State Executive Committee of the Democratic-Conservative Party -Plan of Organization.

The State Executive Committee of the Democratic-Conservative party, held in this city on April the 16th, adopted the following resolutions and plan of organization. We give our hearty endorsement to the resolutions, and hope the recommendations to discourage all manner of disorganization in our ranks will be carried out to the fullest extent. We cannot have any independent action this Summer if we would succeed:

RESOLUTIONS. Resolved, That we deeply sympathize with the people of the West in their want of railroad facilities, and pledge ourselves to use every available means to secure the early completion of their projected lines.

Resolved, That the Republican party having despoiled the State of millions of dollars heretofore appropriated for railroad purposes, is un-worthy of public confidence, and that experience justifies the conclusion that if that party should be again en-trusted with the administration of our internal improvements, its leaders would again prove recreant to their sacred trust, and would divert the publicfund to their private pur-

Resolved, That a wise policy die tates the adoption of such measures as may be necessary to increase the educational advantages of the children of North Carolina.

Resolved, That we earnestly recommend to the members of the Democratic-Conservative party to discourage independent candidates and all other disorganizers, and that all support be promptly withdrawn from every aspirant for office who shall oppose the regular nominees of our

conventions.

Resolved, That we tender to the friends of Free Government our sincere congratulations at the triumph of the great principles of the Consti tution as illustrated by the Democratic successes In the recent State and local elections.

PLAN OF ORGANIZATION. The following plan of organization

of the Democratic-Conservative party was adopted: 1. The Executive Committee for the State shall consist as at present appointed, and shall have all the powers heretofore conferred upon it. 2. The Executive Committee for the Congressional and Judicial Districts shall continue as at present constituted, until regularly changed, and shall have general supervision of the affairs of the party in their res-

pective districts. 3. In each county there shall be an Executive Committee composed of a Central Committee of not less than three members, and of at least one Committeeman from each township, This Committee shall, under direction of the County Convention, have entire control of county matters. It shall be their duty to see that all the details of the canvass are properly conducted; that the polls are attended by competent each Conservative casts his ballot and that no fraud is perpetrated at the election. They are particularly enjoined to take the necessary steps for the efficient organization of townships, and to seek by a wise administration to promote harmony and to inspire confidence.

4. All Executive Committees are properly chosen by the Conventions held for the respective territorial divisions; but if for any cause there should be a failure by the proper Convention to appoint an Executive Committee, then the State Executive Committee may supply the deficien-

5. Nominations for County officers and members of the General Assembly shall be made by County Conventions; for Town and Township officers, by town and township conventions; for members of Congress and Judicial officers by the

District Conventions. 6. All Conventions shall be open and due notice of the time and place of convening the same shall be given. The resignation of Col. Walter Clark, as a member of the Executive

Committee on account of his removal from Halifax, was read and accepted and Dr. H. E. T. Manning, of Weldon, was appointed to fill the vacancy, after which the following resolution was adopted:

Resolved, That this Committee adourn to meet again in this city on the 10th day of June next, and that all the members be requested to attend. W. R. Cox, Chairman. J. J. LITCHFORD, Secretary.

Schator Calpenter "Rises to Explain"—The Telegraph Company Should Explain.

NEW YORK, June 24. - Senator Carpenter publishes a long letter here this morning in regard to the socalled "Carpenter gag" law, and says that an accurate statement in regard to this matter will satisfy every journalist who reports the truth, &c. and will diminish the force of vituperations uttered by those of the pro-fession who do not. The law of libel is no more unfavorable to the press than the statute against larceney is unfriendly to the people One pro-plexes the thieves, and the other liars, but neither is terror to the honest men; and this bill is no more injurious to the publishers than every law must be which looks to the impartial administration of justice. He knows no reason why the District of Columbia should be excepted from the operation of a general law, or why the merchants should object to the courts of that District while making no objections to the Federal courts in other territories and States. He says that it is a fundamental principle in the jurisprudence of all the enlightened countries that every trial ought to take place as near as possible to the slace where the cause of action arose, no, only for the convenience of witnesses, but to secure a jury of In cases arising out of commercial transactions, and in other mere transitory actions, this principle cannot always be observed. In many of the Western States important branches of business are conducted by resident agents. For instance, the Pennsylvania Railroad Company might lease and operate a railroad in Wisconsin or Idaho. A party injured upon such road ought to have suit to try liabilities of the company when wrong was committed, and where witnesses reside and ought not to be compelled to go to Pennsylvania to recover for injury received in Idaho.

A Serious Accident in ( hurch. Syracuse, June 24.—The falling of a Church floor has created much excitement. A corrected list, killed nineteen, mostly young ladies and children. The accident was caused by the giving away of the joist that supported the floor. The joist ran stringer, the middle of which was supported by iron rods from the roof. The stringer gave way, pulling the ceiling and roof down upon the people and precipitating them into a room below. The work of recovery was exceedingly slow, as it had to be done in the dark, and it was feared every moment that the walls would

Postmaster General's Resignation-The President's Reply. Washington, June 24,-Postmaster General Creswell this morning tendered his resignation in the fol-

lowing letter: WASHINGTON, D. C., June 24. SIR: After more than five years' continuous service, I am constrained, by a proper regard for my private interests, to resign the office of Postmaster General, and to request that I may be relieved from duty as soon as it may be convenient for you to

designate my successor. For the generous support which you have uniformly extended to me in my efforts to discharge my duty, I shall not attempt to express the full measure of my gratitude. It is sufficient to say that my relations, official and personal with yourself and with every one of my colleagues in the Cabinet, have always been of the most agreeable and satisfactory character to me. Rest assured that I shall continue to give to your administration my most cordial support, and that I shall ever deem it an honor to be permitted to subscribe myself sincerely and faithfully, Your friend,

JOHN A. CRESWEEL To the President. To which the President replied as

EXECUTIVE MANSION,

Washington, D. C., June 24. My Dear Sir: As I expressed to you verbally this morning when you tendered your resignation of the office of Post Master-General, it is with the deepest regret to me that you should have felt such a course necessary. You are the last of the original members of the Cabinet named by me as I was entering upon my present duties and it makes me feel as if old associations were being broken up, that I had hoped might be continued through my official life. In separating officially, I have but two hopes to express. First, I may get a successor who will be as faithful and efficient in the performance of the duties of the office you resign; second, a personal friend that I can have the same attachment, for your record has been satisfactory to me, and I know it will so prove to the country at large.

Yours very truly, U. S. GRANT, To Hon. J. A. Creswell, Post Master-General.

# Street Fight in Richmond.

RICHMOND, June 24.—A rencontre took place this morning between Hon. J. Ambler Smith and Mr. Anderson Washburn, pension agent. Washburn accosted Smith and charged him with making false statements about him knowingly. Smith resented by striking Washburn over the head with an umbrella. The two then clinched and scuffled until separated. No serious damage was done. Washburn's charge of false statements probably arose from statements made by Smith in the House of Representatives a few days since in regard to the granite contract for the new State department, in which Washburn was charged with defrauding the government of \$60,000.
